

CAPSTONE POC

Market*Trust*

Trusted civic answers for East Africa's hustle economy —
Find · Verify · Act

THE PROBLEM

Civic info exists. Trust does not travel.

- Traders rely on WhatsApp forwards and “agents”
- Wrong info → unofficial fees, scams, lost money
- People need answers they can **verify and act on**

USERS

Built for East Africa's informal & SME economy

- Market traders and micro-entrepreneurs
- Small businesses navigating permits, KRA, tenders
- Responders who need tip → triage

Kenya first. East Africa next.

SOLUTION

WhatsApp-shaped civic assistant

Ask

EN/SW answers with trust label, sources, next steps

Report

Anonymous tips for scams, fees, rumours, threats

Cases

Human triage handoff after intake

TRACKS

Cross-track, transparency-led

Transparency

Permits, taxes, official fees without middlemen

Safety

Tender & M-Pesa scams; anonymous reporting

Stability

Rumour vs stamped county notices

TRUST & SOURCES

Make verification visible

- Labels: **Verified** / **Check locally** / **Unclear**
- Sources: county portals, KRA, PPIP, Safaricom channels, and more
- Unmatched questions stay Unclear — no fake certainty
- Anonymous tips by default

DEMO

Four minutes to show the loop

- Ask: Nairobi business permit → Verified + sources
- Ask: “I won a tender” → scam pathway
- Kiswahili: *kibali cha biashara*
- Report tip → triage in Cases

NEXT

Worth building further

WhatsApp channel · deeper corpus · trader association & civic partner pilots

MarketTrust — information you can trust and act on.
